Additional information to the application - Rallycross SOSNOVÁ 2021

1. Would your team take part in the rallycross race in Sosnová if, due to government measures, they had to leave without spectators, or only with a very

2. Would your team accept an increase in the contribution to the race, which would be necessary due to not covering the costs related to the organization of

3. What is your acceptable increase in the contribution to the plant (0 - 100%, I will adapt to the majority)? *

4. How many members do your team need to have in case a larger limit on the number of people on site? *

5. If it is possible to organize the race, but the condition for participation in it will be a PCR test, would your team participate?*

6. Would your team take part in the race if, due to government regulations, the number of people in the area was limited in the morning and afternoon race mode? Meaning, for example, 8:00 - 13:00 the first group, 14: 00-19: 00 the second group. Group of 50-60 riders. 30 minutes of training, 3 qualifications and final races are enough for 5 - 5.5 hours, including 15 minutes from each hour for

7. Would your team be interested in livestream from the race? *

8. How much would your team support livestream? *

9. Would your team be interested in preferential promotion of the team and its partners within the live stream? (e.g., slider card with partner logos, team card with live partner partner logos, team or promotional video partners within a live video ad block).*

10. If the race were held without spectators, would your team use the refreshments provided by the organizer or would they arrange themselves?*

11. Does your team have the opportunity to provide their own power plant? The race organizer, as the tenant of the complex, is not able to guarantee a quality electricity connection for the entire duration of the race and recommends that teams secure their own. Network connection should be possible. *

12. Does your team have their own bathroom, especially a shower, within their facilities? Due to urgent matters, it will not be possible to use the covered grandstands during the race, including all facilities connected to them, ie the main showers and toilets, and it will be necessary to provide mobile. Depending on the expected number of people, a sufficient number will have to be provided.*

13. If it was not possible to organize the race due to various measures (numerical, hygienic, ..), or if few riders entered the race, would your team use the opportunity to test and help the organizer reduce losses with the preparation of the race and advance payments?*

14. How much time would your team at least need for testing (free rides)?*

15. What is the acceptable amount for you to test according to your minimum time requirement?*
